

GINER
RENT A CAR

PICK-UP

✈ Valencia Airport

How to pick up the car at Valencia Airport:

At Valencia, from now onwards your Giner-car will be in the main public-parking (P1), the one opposite to arrivals and departures terminal, on the 2nd floor (the top one), area colour blue, at bay n° 759.

On arrivals, please follow the "P" sign to get to the public car park. Take the lift one floor up and walk over the bridge in to public parking.

A member of Servirent staff, the firm who organize the work at the airport for us and also for other car-hire companies, will be waiting for you to hand over keys and parking ticket, which must be paid before leaving the car park. In case nobody was there just please wait, for sure they will come shortly.

Please find enclosed a little map that shows better where our meeting point is located.

For any problem you can ring Servirent directly:
